Submission of Response Under 37 CFR 1.497(a) and (b)

Sir:

In response to the 371 Formalities Letter Notification of Defective Response dated 05/29/07 please add inventor Kenneth W. Parkman to the current U.S. National Patent Application.

Please accept this as a statement of non-malicious intent of any sort on behalf of The Engelhard Corporation at the time of filing. It seems that this was caused due to human error. Mr. Parkman was unintentionally left out of Engelhard's Patent database which inadvertently caused the PCT Request to be filed omitting Mr. Parkman.

As a precaution the USPTO is hereby authorized to charge or credit any necessary fees to Deposit Account No. 05-1070.

Respectfully submitted,

Cheng Q. Song, Esq., Ph. D., J.D.
